- Packaging, Warehousing and Distribution
- Marketing of Logistics Services
- Refrigerated Logistics
- HR issues in Logistics
- Financing Aspects in Logistics
- Coordination & Collaboration in Logistics
- Industry 4.0, Logistics and Supply Chain 4.0

ABOUT THE INSTITUTE

The Indian Institute of Foreign Trade (IIFT) was set up in 1963 by the Government of India as an autonomous organization to help professionalize the country's foreign trade management and increase exports by developing human resources, analyzing and disseminating data and conducting research. The Institute visualizes its future role as a catalyst for new ideas, concepts and skills for the internationalization of the Indian economy. The institute also provides training and research-based consultancy in the areas of international business, for the corporate and government sector and the students' community as well.
