

MBA **(INTERNATIONAL BUSINESS)** **2017-19**

HANDBOOK OF INFORMATION

INDIAN INSTITUTE OF FOREIGN TRADE
(DEEMED UNIVERSITY)

ACADEMIC RULES AND REGULATIONS

1. About the Institute

The Indian Institute of Foreign Trade (IIFT) was set up in 1963 by the Government of India as an autonomous organization to help professionalize the country's foreign trade management and increase exports by developing human resources; generating, analyzing and disseminating data; and conducting research. The Institute visualizes its future role as:

- A catalyst for new ideas, concepts and skills for the internationalization of the Indian economy.
- The primary provider of training and research-based consultancy in the areas of international business, both for the corporate sector, government and the student community.
- An institution with proven capability to continuously upgrade its knowledge base with a view to servicing the requirements of government, trade and industry through both sponsored and non-sponsored research and consultancy assignments.

The Institute's portfolio of long-term programmes is diverse, catering to the requirements of aspiring International Business executives and mid-career professionals alike.

2. Programme Objectives

2.1 The two-year MBA (International Business) is a Degree Programme of the Institute. Admission to the Degree Programme is made on the basis of a competitive examination. Its focus is on International Business, catering to fresh entrants into the managerial pool. The specific objectives of the Programme are:

- (i) To prepare the participants for professional career in the management of international business operations.
- (ii) To enable participants to grasp the significance and appreciate the inter-relationships in business operations, concepts, techniques, tools and procedures.
- (iii) To help the participants develop analytical skills and to identify international business opportunities.
- (iv) To promote among the participants a scientific approach and capability to undertake managerial responsibilities in International Business.

3. Duration and Contents

3.1 The duration of the Programme is two years with three Trimesters each year. The Courses are divided into two segments:

- (i) Classroom Courses and Viva-Voce.
- (ii) Project Courses, Research and Seminar Courses, Professional Training, Field Projects and Port Visits.

3.2 Classroom Courses are designed to help students in understanding the concepts and techniques of international business operations.

3.3 Foreign Language training is an integral part of the classroom courses. Students are given option to choose one of the foreign languages taught in the Programme.

3.4 The Viva-Voce at the end of third trimester is designed to evaluate the students' understanding and appreciation of the inter-relationship of various courses.

3.5 A Research Project on any area of International Business may be undertaken by a student on a topic approved by the Institute under the guidance of a faculty member of IIFT. Expenses incurred, if any, on the assignment shall be borne entirely by the student and the Institute shall have no financial responsibility in this respect.

3.6 Summer Placement for professional training for a prescribed period with an enterprise or organization engaged in international business and related operations is an integral part of the Programme. The decision of the Institute with regard to the choice of the company/organization for placement shall be final.

3.7 During the period of their Summer Placement, students are required to adhere to the norms of discipline prescribed by the company/organization concerned.

3.8 Students are exposed to "field" situations including visit to a seaport.

3.9 In the light of the feed-back received from trade and industry as well as from the students of the previous programmes or if considered essential by the faculty, such changes as found necessary may be carried out in the different courses of the Programme.

4. Registration and Fee

All students selected for admission must register on the day of commencement of the Programme. Any extension of the period of registration may be granted by the Chairperson (Graduate Studies Division) to a student under exceptional circumstances.

5. Discipline

5.1 The Institute attaches great importance to integrity of students in their academic work. Students are expected to conduct themselves in a manner befitting responsible business executives both inside and outside the campus.

5.2 Punctuality in the class is very important and students shall not be allowed to enter the class after its commencement, which may lead to shortfall in attendance and penalties attached thereto.

5.3 Disciplinary action for misconduct shall include imposition of fine, exclusion from award of medals, and scholarships, deprivation of placement opportunities, ineligibility for exchange programme and expulsion from the Programme.

5.4 The Institute reserves the right to ask a student to leave the Programme at any time in the course of the academic year should the academic performance and general conduct as adjudged by the Institute be found unsatisfactory. Before a selected student joins the Programme, he/she will have to sign an undertaking to the effect that he/she shall accept the said right of the Institute.

6. System of Evaluation and Grading

The curriculum of the MBA (International Business) gets validated both internally and externally keeping in mind the changing global environment in International Business and the requirements of Management Education to meet these new challenges, on a continuous basis. The curriculum places emphasis on developing a global perspective on various issues and developing these skills for taking an integrated view on managerial problems and being able to adapt to changing situations.

6.1 Course Credits

Courses are listed as 1, 2, 3 and 4 credit courses depending on the expected workload of each course. Generally, a 3-credit course involves about 100 hours of work – approximately 30 in the classroom and 70 outside the classroom, in preparation and assignments. Two and one credit courses would require proportionately less work.

In the second year, students are expected to undertake a Research Project carrying three credits. The distribution of these credits is as follows:

Synopsis & Interim	1 credit
Dissertation	1 credit
Viva	1 credit

6.2 Course Outlines

A course outline will be made available to the student for each course before the start of the course. The course outline would provide the following:

- Pre-requisites for the course: prior preparation, inter-linkages with the contents of some earlier taught course(s) may be reviewed in the case of electives.
- Objectives of the course (in specific terms of familiarizing with concepts/theories, skill enhancement, including decision skills)
- Pedagogy to be adopted.
- Session-wise details of topics to be taught, suggested readings for each session, case studies and assignments (if any).
- Scheme of evaluation and weight age for each component.
- Linkage with the courses to be taught in the subsequent trimesters.

The Course Coordinator will invariably be teaching at least 70% of the course. Experts from trade and industry may be invited up to 30% of the course and these sessions may clearly be indicated in the course outline. However, in courses like Sectoral Strategy where different modules of the course require inputs from different experts, the course coordinator would be mainly engaged in coordinating the course.

6.3 Evaluation

The evaluation components to be adopted for a course would be indicated by the Course Coordinator to the class at the beginning of the course. This would cover teachers' expectations and relative importance of each component. Evaluation scheme for students' performance in each course will be having a minimum of four components besides end-term

examinations. Weight age for the end-term would not exceed 40% of the total weightage. The other components may be in the form of Class Quizzes, Home or Class or Surprise Assignments, Term Paper, Project, Case Analysis, Reading on Research Activities, etc. as prescribed by the Course Coordinator.

As Surprise Components are in-built in the courses, students are expected to be agile and alert. No make-up components will be provided, if the students miss any component of evaluation.

6.4 *Grade Point for a Course (GP)*

1. Under this system, all faculties will give marks for all components. The grade brackets (upper limit and lower limit) will get evolved from the pattern of marks provided by the faculty; following the formula given below.
2. Upper and Lower limit of each grade bracket :

	Lower Limit	Upper Limit
A+	Average + 1.5 s.d.	-
A	Average + s.d.	Average + 1.5 s.d.
A-	Average + 0.6 s.d.	Average + s.d.
B+	Average	Average + 0.6 s.d.
B	Average – 0.6 s.d.	Average
B-	Average – s.d.	Average – 0.6 s.d.
C+	Average – 1.5 s.d.	Average – s.d.
C	Average – 2 s.d.	Average – 1.5 s.d.
C-	Average – 2.5 s.d. or 40% of the top mark (whichever is lower)	Average – 2 s.d.
D	Average – 3. s.d. or 30% of top mark	Average – 2.5 s.d. or 40% of the top mark (whichever is lower)
F	-	Average – 3. s.d. or 30% of top mark

3. Average Marks and Standard Deviation would be calculated excluding those who have received less than 40% of total marks to reduce the influence of extreme values on the Average marks. Similarly, top mark is excluded from the calculation of average and standard deviation when the difference between top two scores is more than 15% of total marks.
4. If some students had been permitted by the Programme Director/Course Coordinator to miss mid-term/end-term examination due to illness, etc., such students will be temporarily awarded 'I' grades. Re-examination for such students will be conducted within 20 days from the last day of the terminal examination and the 'I' grades replaced by new grades. For the other components, the decision of course coordinator shall be final and binding. For such missed components except mid-term and end-term, the course coordinators should submit the marks along with the submission of end-term marks. There will be no re-examination for students getting D or F grade.

6.5 Grade Point Average (GPA)

Grade point average for a term would be the weighted average of grade points obtained in different courses in the term (the weights being the respective course credits).

6.6 Cumulative Grade Point Average (CGPA)

CGPA is calculated at the end of Programme and is the weighted average of GPAs obtained for different trimesters, weights being the total of course credits for each trimester.

6.7 Deficit Grade Points (DGPs)

If the overall performance is less than 'C-' in the course, the student will obtain either a 'D' or 'F' letter grade. If the student has 'D' grade he/she will carry deficit point's equivalent to half the number of credits for the course (e.g. 1 DGP in a 2-credit course and 1.5 DGPs in a 3-credit course). If the student has 'F' grade he/she will carry deficit points equivalent to the number of credits for the course (e.g. 2 DGPs in a 2-credit course and 3 DGPs in a 3-credit course).

At the discretion of the Director, the Chairperson (GSD), the Programme Director or the Course Coordinator, a student may be awarded deficit grade point(s) where there is indiscipline on the part of the student or improper behaviour or where he/she has not conducted in a manner befitting responsible business executives. This includes instances of misconduct or improper behaviour with faculty or administrative staff, disinterest or laxity in attendance of special lectures or important meetings.

7. Adjustment in Grade Points for the Shortfall in Attendance

A minimum attendance of 80 per cent is required in every course. Waiver on account of medical grounds or death in the family* will be considered only if such information is sent to the concerned Programme Director as soon as the student falls sick or death occurs in the family*. Waiver on account of Placement related work, participation in academic events in other B-Schools/Universities will also be considered if the student participates in such events with the permission of Programme Director/Chairperson.

With no waivers, any shortfall in attendance will result in downgrade of CGPA.

For every shortfall of 10 per cent from the minimum required until 50% attendance, the student's grade point for the course will be reduced by 0.33.

For example:

Attendance	Reduction in Grade Point
<80% but more than 70%	0.33
<70% but more than 60%	0.66
<60% but more than 50%	0.99

Attendance below 50% disqualifies the student from the programme.

*Family means parents, spouse and children.

8. Grade Points of Students under Exchange Programme

A specialization in International Business will not be truly international until the students have a chance of interacting with premier B-Schools abroad especially in Europe and USA. Tuition waivers are often arranged for in such exchange programmes. IIFT has student exchange programmes with various B-Schools abroad. Normally, a student who goes to attend the Exchange Programme will miss a complete trimester at IIFT. In such cases the grades obtained by the student in all the courses he/she has undertaken at the B-School in the Exchange Programme will be shown in the mark-sheet but will not be included in the calculation of CGPA. If a student goes to attend the Exchange Programme in mid-trimester, he/she can cover the courses of the trimester with the MBA (IB) weekend and appear in the examinations provided such missed courses are offered in the said weekend programme. The grades obtained by him/her in this examination will be included in his/her marks-sheet. Students will be chosen for the exchange programme on the basis of their performance and the specific requirements of the concerned institution. Students with DGPs are not eligible for exchange programmes.

9. Scheduling of Classes

In view of the rigour of the MBA Degree Programme, the classes for the same will be scheduled any time during any day of the week. The Programme Director will notify weekly schedules of the classes latest by Friday of the week before the scheduled week.

10. Missed Examinations

Students are not allowed to miss any class examinations or quizzes or end-term examinations, without the permission of the Programme Director/Course Coordinator. If a student misses such a component without prior permission, he/she will automatically be awarded an 'F' grade in that component. The course co-ordinator may decide on re-examination for any missed internal component of evaluation. In case the student is permitted a supplementary examination for a missed end-term examination, fee of ₹4000/- per course will have to be paid.

11. Summer Project, Research Project and Social Awareness Programme (SAP)

During the first year, the students would undertake a Summer Project in a company (carrying 2 credits). The final grade in the Summer Project will be on the basis of the grade awarded by the Company + Viva conducted in the Institute and its satisfactory completion is essential for the successful completion of the Programme. In the second year, students undertake a Research Project of 3 credits based on their sectoral specialization. The evaluation of the Research Project will be done as any other course. Detailed guidelines on undertaking these projects and their evaluation procedure will be given to the students at the time of assigning of the projects. Students in their first year are also attached to an NGO of their choice or as assigned by the Institute. Such attachment is over a period of 3 weeks in the month of December/January. A detailed session on student activities and expectations will be shared in a deliberating session with the CPA. The course carries 3 credits.

12. Unfair Means

The Institute views any use of unfair means in any component of evaluation in the Programme very seriously. Faculty members/Course Coordinators/Invigilators would bring such instances of the use of unfair means to the notice of the Programme Director/Chairperson (GSD) immediately so that appropriate disciplinary action is initiated. Any student adopting unfair means including talking or in possession of notes, books, mobile phones, etc. would be awarded zero ("0") in that examination.

13. Promotion to the Next Year

A student is eligible for promotion to the next year provided the following academic standards are maintained:

- Not more than 08 DGPs (including Academic & Disciplinary DGPs);
- Student who obtain more than 08 DGP's need to repeat entire year with subsequent batch
- CGPA of at least 2.00 over three trimesters

14. Criteria for Award of Masters

A student will be eligible for award of Masters only if the following criteria are met at the end of sixth trimester:

- CGPA of at least 2.33;
- Not more than 16 DGPs; (including Academic & Disciplinary DGPs);

15. Re-Checking

Where a student is not satisfied with the marks/grades, he/she would be permitted for re-checking his/her answer sheet for unchecked answers and arithmetical accuracy of total marks awarded, in the Exam Cell within 10 days from the declaration of the result.

16. Re-Evaluation

16.1 Revaluation of answer sheets is allowed only for the End-term Theory examination of Trimesters. Internal evaluation components like quizzes, term paper, projects, assignments, port visit, comprehensive viva etc are not admissible for revaluation.

16.2 Application for revaluation has to be made within 15 days of declaration of results for the trimester exam with specific reasons along with the prescribed fee of ₹2000/- per paper in which revaluation is sought. Changes in revaluation fee will be notified from time to time by the competent authority.

16.3 Revaluation is not permitted for more than 1/3rd of the courses in a trimester

16.4 A student seeking revaluation must submit, to the Examination Cell, a written application for revaluation along with proof of payment of required fee. The application must provide full course details, marks secured by the candidate, and reason for seeking revaluation

16.5 On receipt of revaluation application, the Examination Cell will scrutinize the same for its eligibility on merit. Marks written on the answer books are to be concealed before presenting the answer books for revaluation to the examiner/s.

16.6 Examiner/s for revaluation will be proposed by the Examination Cell. The panel will not include the examiners who had first examined the answer books. Panels are to be approved by Centre Head (in case of Kolkata) / CP (GSD) (in case of Delhi). Examination cell will send answer books to the member/s from the approved panel and keep it confidential.

16.7 On receipt of the re-evaluated answer books from examiners, the following rules will apply:

- a. On receipt of the revalued End-term marks the same will replace the old End-term marks and thus the new total marks of that course will be considered for appropriate grade by the Course Coordinator
- b. the re-evaluated grades (upward, same or downward) will be the final grade and sent for approval of the Director for declaration of the result.

17. Field Visit/Port Visit

17.1 The field visit organized by the Institute covering organizations and institutions connected with international business promotion and facilitation is intended to provide the students an opportunity to get insight into the operational aspects of these organizations. This is an integral part of the Programme. The Field Visit is divided into two components;

- i. Delhi Visit (ICD/Air-Cargo Complex/NEPZ)-40% weight age.
- ii. Port Visit -60% weight age.

Failure to adhere to the field visit schedule would automatically result in F grade in the concerned component.

17.2 The port visit in this context may be divided into the following five main areas:

• Port Operations

- To understand the facilities being provided at the Port for export & import of Cargo (warehousing, sheds, bonded warehousing, etc.)
- Movement of cargo
- Number and types of berth
- Port capacity, etc.

• Customs

- To understand the processing of documents pertaining to import and exports (Bill of Lading, Shipping Bill, etc.)
- To see Customs House and Customs Area inside the Port
- Import Clearance and Understanding of Import Duty Calculations
- Documents pertaining to Incentives (Duty Drawback, etc.)
- Understanding of Tariff Manual

- ***Clearing and Forwarding Agents***

- The Role of C&F Agents in export and import trade
- Procedural aspects for clearance of import and export cargo
- Facilities being provided by them (warehousing, transport, consolidation of cargo, multimodal transportation, etc.)

- ***Export Processing Zones***

- The objective of visiting Export Processing Zones (EPZs) is to understand the scheme and the assistance being provided to the exporters.
- Visit to one or two companies
- Sharing of experience of entrepreneurs
- Tax benefits, etc.

- ***Chambers of Commerce***

- The Chamber of Commerce organizes lectures by banks, representatives from industry, shipping agents to provide understanding on forex management, export promotional schemes, etc.

18. Award of Medals

18.1 Students who obtain a ‘D’ or ‘F’ grade in any course will not be considered for award of medal.

18.2 The maximum number of total DGPs (academic as well as disciplinary) that a student can have to be eligible for award of medals at the completion of the programme is set at 10% of the total number of courses taught in the programme.

18.3 Award of Medal is also subject to satisfactory conduct of the students in the Institute.

18.4 Those granted waiver of attendance at examination due to illness, death, marriage, placement activity or participation in events at other schools/institutions and writing supplementary examinations will be considered for award of medals.

18.5 The first three students from the entire batch of Delhi and Kolkata campuses, in order of merit on the basis of their performance in all the trimesters taken together, shall be awarded Gold, Silver and Bronze Medals respectively. The Sumitra Chishti award will be given to the best student in the field of Economics. An All-round Proficiency Award will also be awarded for Delhi and Kolkata campuses based on academic performance and extra-curricular activities of the students.

19. Online Feed Back

IIFT firmly believes in taking regular and organized feedback from students on the progress of their courses and the delivery of the course coordinators. For this, a very robust feedback system is followed and the same is described below:

19.1 The end-term feedback is taken online in the last session of the course, after teaching for the course has been completed. All students are expected to be present for this exercise, and to provide their feedback objectively. If, for some compelling reasons, a student is not able to provide feedback in the last session, the Programme Associate will coordinate with the student to provide feedback on the day of end term exam for the course, by coming 30 minutes early. A student who still does not give feedback will be awarded one DGP. Therefore, students are advised to take the feedback exercise very seriously.

19.2 The mid-term feedback for a course will be taken by the Programme Associate after the completion of 4 sessions for a 2-credit course and 7 sessions for a 3-credit course. This mid-term course review is conducted with the purpose of obtaining an opinion from the students on the progress of a course, and students are strongly advised to provide their feedbacks in an impartial and productive manner.

20. Scholarships

20.1 The Institute operates Need Based Scholarship Scheme under which it pays interest subsidy on Educational Loan for 27 months from the time the loan is taken from a Bank. Any student who has taken the loan and whose family income is less than ₹4.50 lakh per year can apply under this scholarship. Depending upon the fee and other expenses the amount of educational loan is revised every year.

20.2 Ministry of Social Justice & Empowerment and Ministry of Tribal Affairs have introduced a liberal scholarship scheme called “Central Sector Scholarship Scheme of Top Class Education for SC/ST Students”. Four SC students and four ST students, who secure admission in the Institute’s two year full time MBA (International Business) are awarded scholarship by the Ministry of Social Justice & Empowerment and Ministry of Tribal Affairs respectively. The scholarship provides for (i) full tuition fee and non-refundable charges; (ii) living expenses @ ₹2220 per month subject to actuals; (ii) books and stationery @ ₹3000 per annum subject to actuals

The Institute will select four SC students and four ST students from their respective categories on the basis of their merit in the written test and shall forward the applications of the eligible students in the prescribed proforma along with proof of admission and fee chargeable, etc. to the respective Ministries.

The eligibility conditions are as follows:

- The total family income of the student from all sources should not exceed ₹4.50 lakh per annum
- The scholarship will be terminated if the student fails to pass the final examination of each year or any terminal examination

The Institute retains the right to add or delete any scholarship scheme or change the existing clause(s) as and when required.

21. International Management Forum

The International Management Forum (IMF) is a students' voluntary organization for organizing such academic and social activities as are consistent with the overall objectives of the Programme and subject to the Rules and Regulations prescribed from time to time by the Institute. In the beginning of the academic year, the IMF must prepare a schedule of activities for the approval of the competent authority.

22. Administration of the Programme

The Programme Director, MBA (IB) under the guidance of the Chairperson (Graduate Studies), administers the Programme. The Programme Director will be the link between the students and the faculty. The Sr. Administrative Officer (Academics) looks after all academic matters concerning the Programme. A Programme Associate will assist the Programme Director to look after the day-to-day academic matters.

The Rules Committee will decide academic matters pertaining to the Programme which will then be forwarded to the Director for approval.

The Programme Director will interact regularly with the students. The students are free to meet the Programme Director, individually after taking prior appointment. In case, where students have problems of an academic nature they may also meet the Chairperson (GSD), after prior appointment.

23. Rules regarding Fee of the Programme

The fee for both the years of the Programme can be paid either in full at the time of admission or in installments as per schedule:

Campus360 & its Online Processes (<http://campus360.iift.ac.in>)

A Virtual Learning Environment is a system for delivering learning materials to students through the web. These systems include assessment, student tracking, and collaboration and communication tools. This enables institutions to teach not only traditional full- time students but also those who cannot regularly visit the campus due to geographic or time restriction. **CAMPUS360** is one such system that enables any enterprise to effectively train students and enhance their skills.

Campus360 plays an important role in the daily activities of students at Indian Institute of Foreign Trade. Starting from the schedule for their classes to coursework, assignments, feedback, online quizzes, Campus360 has it all. The students can view the schedule for their day's classes online. They can also view the coursework uploaded by faculty which will help them revise the concepts taught even after class. Assignments are uploaded by the faculty on campus360 with a specific deadline. Students get notifications on the Campus360 dashboard regarding their assignments, which they can complete and upload online.

Students can provide their feedback for course and faculty through campus360 twice in a trimester during specified days (mid- semester feedback and end- semester feedback). Campus360 also helps in conducting online quizzes. Students can attend quiz from their own laptop on specified day and time and for a specified duration. They can view their scores along with correct answers once the quiz is closed for all. This makes the marking process transparent. Research project submission is also done by the students through Campus360. The student dashboard is a very informative feature and helps the students to keep note of the course announcements, assignment deadlines, courseware uploads and quiz schedules at a glance.

The following are the key online processes of Campus360:

- a) NGO Preference (Corporate Social Responsibility)**
- b) Online Elective Selection Process (OESP) in Campus360**
- c) Foreign Language Preference**
- d) Port Visit Preference**
- e) Online Dissertation Project**
