

3.5.1 SUMMARY SHEET

3.5.1 Institution has a policy for consultancy including revenue sharing between the institution and the individual and encourages its faculty to undertake consultancy

Since its inception, IIFT has striven to develop itself into an institution of excellence in education and research keeping in mind the contemporary and future needs of India of the highest standard in international trade and business. With the innovations in its curriculum and research, the institution has gained a reputation globally. In addition to offering formal postgraduate and doctoral degree programs, the institute actively encourages faculty and all other academic staff to undertake sponsored research and consultancy projects in order to strengthen the research profile of the institute. Research and consultancy is carried out in several areas related to international trade like trade policy, multilateral trade agreements, WTO issues etc. Apart from sectoral studies in energy, health, environment, manufacturing, telecommunication, etc. These projects are very important for maintaining external and global linkages and are also a source of revenue for the institute.
