

6.2.1 SUMMARY SHEET

6.2.1 The institutional Strategic plan is effectively deployed.

The Indian Institute of Foreign Trade was established in 1963 and in the year 2002 the Institute was awarded the status of a 'Deemed to be a University' to award Master's and PhD degrees.

Subsequently in 2006, the Institute added a second campus in Kolkata, which helped the Institute to expand its reach and activities. In addition, a series of research centres were opened with dedicated staff to carry out research for the external sector. Such initiatives of IIFT, helped the Institute to focus on quality research and superior teaching, justifying its position as a national Institution. To accomplish the Institute's objectives, each division and centre drafted their charter which was translated into objectives and action plans. The Strategic Plan document collates and presents the goals, strategies and performance indicators of each division and centre. These indicators, in turn, have been translated into operating details for each of the functional divisions in terms of priorities, alignment of resources, implementation plan, reporting system and measurement of progress. During the last 5 years in particular new centres, divisions and departments were added besides consolidation of executive programmes which; called for updates in the strategy document.

The strategic plan has been prepared after detailed consultation with various groups and reflects the expectations and roadmap for scaling new heights of excellence. This document will help IIFT to continuously introspect, benchmark and innovate, a process that is imperatively necessary for continuous growth of the Institute
