About IIFT

Indian Institute of Foreign Trade (IIFT) was set up in 1963 by the Government of India as an institution with a focus on professionalizing the country's foreign trade management and increasing exports by developing human resources, analysing and disseminating data and conducting research. Since its inception, the Institute has evolved and has undergone major transformations; over the years, IIFT has broadened the scope and dimensions of its academic activity that now encompasses the full spectrum of international business. Today, the Institute is widely renowned for its extensive knowledge and resource base, with a rich heritage and a strong alumni network both in India and abroad.

VISION

To be an academic center of excellence in international business research, training and education

MISSION

To create and foster a learning environment that enables participants to be leaders in international business with sensitivity towards society

Prof. Rakesh Mohan Joshi

Vice Chancellor

It is with great pleasure that I welcome you to the Indian Institute of Foreign Trade. Over the years, our institute has firmly established itself as a premier destination for top recruiters, owing to our dynamic curriculum, competitive student body, and exceptional track record in corporate engagements. Our flagship MBA (International Business) program (Delhi and Kolkata) has consistently produced graduates who not only meet but often exceed industry expectations, making significant contributions across various sectors globally. Building on this success, we are excited to introduce our new MBA (Business Analytics) program, designed to address the increasing demand for skilled professionals in the data analytics domain. This program is crafted to equip our students with the necessary skills to navigate and excel in the rapidly evolving landscape of business analytics. We extend our heartfelt gratitude to all our recruiters for their unwavering support and trust in IIFT, which has enabled us to realize our full potential. It is my pleasure to invite you to meet our talented students, who are well-prepared to excel in the global business landscape.

MESSAGE FROM LEADERSHIP

Dr. Pooja Lakhanpal

Head of CRPD

For many years, the Indian Institute of Foreign Trade (IIFT) has been a corner-stone of excellence in the fields of international business research and education. IIFT has transformed the face of global commerce for more than 60 years by nurturing leaders who drive economic progress. At IIFT, our approach is holistic, blending rigorous academic study with real-world insights. With a reputation for dedication and expertise, our esteemed faculty continuously push the boundaries of knowledge, equipping our IIFTians with the skills they need to thrive in international business. Our graduates, who occupy key positions across top Indian and global businesses, are a testament to the talent fostered here. Our commitment to staying abreast of industry trends has led to the inclusion of new domains such as business analytics and data-driven decision-making, ensuring our curriculum remains relevant and forward-looking. We sincerely appreciate our corporate partners' steadfast trust and support, as their collaboration has been instrumental to our success. As the placement season approaches, we invite you to engage with us and explore the boundless opportunities at IIFT.

IIFT: A legacy of over 60 years

Port Visit & Industry Visit

As part of the 6th trimester curriculum, students participate in both port and industry visits, providing them with a well-rounded experience that extends beyond the classroom. These visits are designed to offer first hand exposure to real-world operations, allowing students to observe and understand the practical applications of their academic knowledge.

Ports that students visited in 2023 are Mumbai, Kolkata, Kochi, Visakhapatnam, New Mangaluru, Jebel Ali Port (Dubai), Port Klang (Malaysia), Vietnam, Thailand, Colombo.

Social Awareness Program

IIFT has taken the initiative to sensitize its students and make them socially responsible corporate citizens. The Social Awareness Program, part of the curriculum of both the MBA (IB) and MBA(BA) program, brings students face-to-face with the major issues that concern our society. Under this initiative, students are affiliated with more than 12 different NGOs where they learn how to transfer academic knowledge into real-world practice to bring about social change.

Research Focus

Research has always been a strong focus at IIFT. It holds great significance in the growth of the institute and provides a strong pervasive interface between creation of knowledge and training. Research activities are undertaken both as part of in-house research programmes and at the instance of client institutions

Student Exchange Program

IIFT has collaborations with **more than 30 Universities/B-schools** throughout the world like IESEG School of Management France, Hanken School of Economics Finland, Rennes School of Business France to name a few.

The programme helps the participants gain international exposure in a multicultural setting. For the year 2023-24, 11 students from different universities visited IIFT, and 42 students from IIFT went to different universities among the 8 which IIFT has partnered with for Student Exchange Program (SEP).

Unified Excellence: Two Campuses, One Experience

Delhi Campus

The IIFT Delhi campus, located in Qutub Institutional Area, offers a serene and academically stimulating environment. The campus is known for its excellent infrastructure, including advanced classrooms, a well-stocked library, and cutting-edge research centers. Delhi, the capital city of India, is a bustling metropolis that provides ample opportunities for industry exposure, networking, and cultural experiences.

International Business

The MBA (International Business) at IIFT is a flagship program designed to develop a skilled cadre of business executives equipped to meet the growing demands of international management. This six-trimester general management course emphasizes international business, offering comprehensive coverage of all key areas and disciplines essential for global business activities. Renowned for its legacy, the MBA (IB) program at IIFT continues to shape leaders with a global perspective. With a rigorous curriculum and experiential learning opportunities, graduates are well-prepared to navigate and excel in the complexities of international markets.

Business Analytics

IIFT has launched a full-time MBA in Business Analytics (MBA BA) at its Delhi Campus. This program aims to develop an analytical mindset and teach methodologies for applying analytics across various management functions. It integrates managerial aspects with analytical skills, offering a robust foundation in data analytics alongside key management disciplines like Marketing, Finance, Supply Chain Management, Operations, Strategy, and IT. Students can specialize in analytics while also having the option to major or minor in traditional MBA domains.

The MBA programme at the Indian Institute of Foreign Trade (IIFT) is concurrently delivered across its two campuses - Delhi(MBA IB & BA) and Kolkata(MBA IB). Both campuses follow a unified process for admissions, learning, and placements, ensuring that students receive the same high-quality education, career opportunities, and access to the extensive IIFT alumni network, regardless of their chosen campus. At IIFT, our rigorous academic curriculum, extensive industry interactions, and hands-on projects ensure that all students, whether in Delhi or Kolkata, gain a robust understanding of global business dynamics.

Kolkata Campus

Established in 2006, situated in Salt Lake, a prime area in Kolkata, the campus is known for its vibrant academic community and comprehensive facilities. The campus boasts modern lecture halls, a rich library, and various recreational amenities. Kolkata, with its rich cultural heritage and thriving business environment, offers a unique blend of tradition and modernity, making it an ideal location for students to pursue their academic and professional aspirations.
