About Indian Institute of Foreign Trade

Established in 1963 under the Ministry of Commerce & Industry, the Indian Institute of Foreign Trade (IIFT) plays a pivotal role in enhancing India's expertise in the global trade sector. Initially conceived to bolster the nation's skill base for international commerce, IIFT has evolved significantly over the decades into a distinguished institution renowned for its contributions to research and training in international business.

In 2002, IIFT was conferred the prestigious status of "Deemed to be University," marking a milestone in its journey towards academic excellence. The institution's commitment to quality education and research has been reaffirmed by the National Assessment and Accreditation Council (NAAC), with an 'A+' Grade in its 3rd cycle in 2023.

Today, IIFT stands as a beacon of excellence in International Business Management and Strategy, permeating through its core activities of research, training, and education. Its national significance is underscored by its steadfast focus on equipping future leaders with the knowledge and skills essential for navigating the complexities of global trade dynamics.

This evolution underscores IIFT's enduring commitment to fostering a profound understanding of international business among its students and stakeholders, thereby shaping the future of global commerce.

The Indian Institute of Foreign Trade was granted the prestigious AACSB Accreditation on 17th November, 2021. With this the IIFT figures amongst the top 900+ Business Schools of the world which have earned this accreditation.

Division of Graduate Studies in Management

The Graduate Studies in Management (GSM) Division anchors the flagship full time / long duration programmes at IIFT. The GSM Division plays a pivotal role in providing administrative and academic support to full-time and weekend MBA programmes, aligning them with global standards of education and industry relevance.

The GSM Division is committed to delivering a robust academic and administrative experience for students. The following programmes are being run by the GSM Division:

1. Two year Full time MBA (International Business);
2. Two year Full time MBA (Business Analytics);
3. Two year six months MBA (International Business) for Working Professional

Message from the Vice Chancellor

Indian Institute of Foreign Trade, set up by Government of India in 1963 under the aegis of Ministry of Commerce and Industry has evolved as a top ranking B-School with the prestigious AACSB Accreditation and A+ NAAC ranking. The institute was accorded Deemed University status in 2002. The institution is ranked 15th in the National Institutional Ranking Framework (NIRF) 2024, reflecting our consistent commitment to academic excellence.

The institute conducts highly prestigious academic programmes viz. Ph.D., MBA (International Business), MBA (Business Analytics), MA (Economics) with specialization in International Trade. Besides, the institute conducts a host of diploma and certificate programmes specializing in International Trade & International Business across its campuses located in Delhi, Kolkata, Kakinada, GIFT City, Gujarat and Dubai.

The Institute offers long term Executive Programmes such as MBA (International Business) weekend programme, Post Graduate Diploma in Management - International Business (PGDM-IB), Post Graduate Diploma Management in Global Human Resource Management (EPGD-GHRM) and MBA (International Business) online.

Our holistic pedagogy and updated curriculum ensures learning among our students, reinforcing the managerial skills in the area of contemporary significance such as Business Analytics, Personality Development and updated knowledge of skill sets. Besides, the institute carries out a number of Management Development Programmes for Corporate and Government Officials in the areas of International Trade and International Business in India and at overseas locations. The institute alongwith its highly competent faculty involved in cutting edge research on contemporary issues with a track record of research publication in highly cohered international journals.

IIFT's extensive alumni network and industry recognition further enhance the opportunities available to our graduates, making us the preferred choice for professionals looking to elevate their careers in international business.

I heartily welcome all the students to IIFT for a transformative journey.

Prof. Rakesh Mohan Joshi

About the Programme

Overview

The MBA (International Business) for working professionals is a unique Business Management Programme for developing a competent cadre of Business Executives to meet the country's growing requirements for trained personnel in the field of international business management.

Developments in the international market on the one hand and the consequential impact of the same on India's domestic market on the other, call for an increasingly professional approach and sensitivity to international business environments.

Objective

The MBA (IB) Programme for working professional aims at imparting professional education and training in modern management techniques for handling international business operations in a highly dynamic and competitive environment. The specific objectives of the Programme are:

- To prepare the participants to face challenges in the emerging competitive business environment in an increasingly globalized world.
- To relate the management concepts to business situations and help the participants to develop analytical and decision making skills so as to formulate effective national and international business strategy.
- To promote a scientific approach and capability to eventually undertake senior management responsibilities in International Business.

The Programme aims at providing a comprehensive coverage incorporating all the important subject areas and disciplines relevant to international business. Equal emphasis has been placed on the Page 2 of 7 quantitative and analytical approach to the study of international business by covering methods of doing business as well as trade and business practices, procedures and documentation in other countries. Besides, effective use of computers and modern information technology is made in the training pedagogy.
